STATINTL   12. (Unclassified - WPB) LIAISON Called [   ] in the
Inspector General's office at the National Security Agency, who is an observer

13. (Unclassified - WPB) LEGISLATION Bob Carlstrom, OMB,
called for information on H.R. 214, a bill on Government access to financial

Executive agencies had suddenly become concerned over this legislation and
that he had never heard of it before. I described the genesis of the bill and
the efforts that we have been making to date to improve it. I told him that
we were planning to continue very low key efforts in opposition to the bill,
but that I understood from Jim Wenzel, at the Department of Justice, that
Justice was going to take a strong position against it.

Hackett, on the Committee staff, and told him that I would let him know as
soon as the report would be available.
